

Dear Parents,

We are almost to the end of the semester with one week to go. Students are finishing up those end-of-semester exams and projects. We are very proud of all their hard work and dedication. Parents, thank you for all your support.

This week, more students demonstrated acts of kindness and compassion. G4 students worked on a compassion project where they needed to show compassion to 5 different people, on 5 different days, and using all 5 love languages. Some students gave thank you cards, while some gave their parents massages and helped them clean the apartment.

G2 students showed kindness by making Compassion cookies to sell at the Winter Bazaar to raise money for “Haven for Paws”. During Character Education class, students talked about what little children can do to support homeless animals. Since G2 students love to bake, they decided to make cookies to help raise money.

All of these examples are a testament to the kinds of students we have at ISW. Our students impact the lives of others on and off campus.

### **STEAM in Action**
