

Dear Parents,

Last week, we introduced you to our new [website](#). Our new website is more user-friendly and gives you greater access to school-related information. You will be able to see our students and staff engaged in a variety of activities and learn more about how we aim to grow our students' abilities to help them develop their gifts and talents. Please take a moment to look through the website and let us know what you think.

This week, we wanted to showcase an amazing STEAM project from some of our Middle School students. Students in G8 Science class have been learning about the importance of the fossil record in predicting the earth's history. To develop a deeper understanding of fossils, students created a fossil creation lab. In this lab, students used several techniques to form different kinds of fossils, employing their artistic talents to capture realistic textures in cast fossils. Now that these clay fossils have hardened, they will later use them to demonstrate how a mold fossil is made.

We want to remind everyone of the [uniform policy](#) as the weather changes. The outermost layer of a student's clothing attire must be a school-issued uniform item worn inside the school building. Students are welcome to wear additional personal clothing outside, but once they enter the building their outermost layer must be a school-issued uniform item. We do appreciate your help and understanding in this situation.

Our lost and found is starting to fill up with jackets and other items left behind. Please remind your students to check the lost and found if they have misplaced any items.

Here are some important dates and reminders to be aware of for the coming weeks.

Fall Family Festival

- November 17th, 5:00-8:00 pm. Information was sent out earlier this week providing more [details](#) about FFF. Please click on the link to find more details about FFF. Through this [link](#), you will be able to RSVP.

LifePlus Conference/Working Days

- November 23-24th. No students on these days

Middle School Science Fair

- December 1st 2:40-3:30 pm in the ISW Gym. More details will be forthcoming.

Pride Chip Total

Liddell Leopards -	699 points
Taylor Tigers -	537 points
Morrison Mountain Lions -	494 points
Goforth Jaguars -	446 points

For the month of November, our LifePlus 9 Qualities of Life focus is [Curiosity](#). Ask your child(ren) what they have learned about **Curiosity** and how it has impacted them this month.

Have a great Weekend Wildcat Family!

Dr. Williams
